

National Association of Health Service Executives Baltimore Chapter Summer Internship Host Site Request

National Association of Health Service Executives (NAHSE)

NAHSE is an organization that has a mission and vision deeply rooted in professional development and improving health services in underserved communities.

NAHSE is a non-profit association founded in 1968 for the purpose of promoting the advancement and development of African American health care leaders and elevating the quality of health care services rendered to minority and underserved communities. Since its inception, NAHSE has sponsored and participated in local and national programs and projects designed to improve quality, access and availability to health services and to expand educational opportunities in the field of Health Services Administration.

NAHSE Baltimore Metropolitan Area Chapter Summer Internship

NAHSE Baltimore Chapter is gearing up for its annual Summer Internship Program. Each year undergraduate and graduate students are placed into summer internships with health care organizations in the Baltimore Washington metropolitan area. Participating students have interests in health administration, public health, health information technology as well as business administration, finance, marketing, and human resources. The Chapter seeks to place these students in organizations that are willing to give them valuable and meaningful experiences in the health care industry. The program duration is ten (10) weeks, beginning in June.

Summer Internship Host Sites

In the past, students have been placed at a variety of sites including The Johns Hopkins Health System, Johns Hopkins International, University of Maryland Medical System, MedStar Health System, Bon Secours Baltimore Health System and Healthcare Resolution Services, Inc. (a healthcare information management consulting firm). This promises to be another exciting year as we add additional sponsoring institutions to our list.

The approximate cost to sponsor a summer intern, for the 10 week period, is \$5,000 for an undergraduate student and \$5,500 for a graduate student. This cost includes:

- Student stipend
- Administrative and program costs (i.e. student professional development sessions)

We would love to have your organization host a NAHSE intern to provide valuable opportunities to worthy undergraduate and graduate students in our communities!

Contact information
